**Barbara Ramutkowski, Abdulai Barrie, Laurie Dazarow, Cindy Abel : Glencoe Clinical Procedures for Medical Assisting: A Patient-Centered Approach** before purchasing it in order to gage whether or not it would be worth my time, and all praised Glencoe Clinical Procedures for Medical Assisting: A Patient-Centered Approach:

Glencoe Clinical Procedures for Medical Assisting: A Patient-Centered Approach provides all the detailed information needed for programs requiring a separate text for clinical competencies. This concise text is composed of Part III of Glencoe Medical Assisting: A Patient-Centered Approach to Administrative and Clinical Competencies. It offers the same well-written content, clear formats, in-text definitions, and other features found in Glencoe's full-length medical

assisting text, yet it's in a format that is perfect for a clinical competencies course.
