From Wolfgang Hein Sonja Bartsch Lars Kohlmorgen : Global Health Governance and the Fight Against HIV/AIDS before purchasing it in order to gage whether or not it would be worth my time, and all praised Global Health Governance and the Fight Against HIV/AIDS:

The devastating effects of HIV/AIDS have propelled a multiplicity of activities at global, national and local level. This book is based on in-depth studies of the major global institutions in health, the role of pharmaceutical corporations, the functions of NGOs, and national responses to HIV/AIDS in two key case studies: Brazil and South Africa.
