stiffBy JannetThe Book came in good shape- aside from the highlighting and stiff. overall though since that was in the description, i was satisfied :)1 of 1 people found the following review helpful. Public HealthBy PrimusGot this book for a Public Health Communication class. Although the edition is a tad bit dated, the concepts and methodologies described in this book are extremely useful.0 of 0 people found the following review helpful. Five StarsBy Muhiuddin Haiderneeds updated version

This comprehensive, practical new book teaches important skills and techniques to communicate public health issues effectively, including: health communication in emergency preparedness; the importance of social marketing techniques; public-private partnerships; building direct links between communication and health service delivery by way of pragmatic strategies; and much more.
