Bill Marsh : Great Australian Flying Doctor Stories before purchasing it in order to gage whether or not it would be worth my time, and all praised Great Australian Flying Doctor Stories:

1 of 1 people found the following review helpful. LightheartedBy DaffyThe Royal Flying Doctors were founded in Australia by Dr John Flynn during the 1930's. They have bases in the outback at iconic towns like Broken Hill. Outback stations were connected initially by two way radios. The Royal Flying Doctors have always been an essential

factor of survival in the rugged Australian outback. This book is a collection of short stories of the experiences people have had with the Royal Flying Doctor Service. The stories are humorous, interesting and provide a lighthearted look at this great Australian institution. 0 of 0 people found the following review helpful. GREAT Australian FLYING DOCTOR STORIES By Josie Boschert Very funny, some of the things that happen in the outback. The outback telegraph station must have been quite a useful place
