Aaron Iwanciw : Grid-Down Survival Guide: First Aid before purchasing it in order to gauge whether or not it would be worth my time, and all praised Grid-Down Survival Guide: First Aid:

In a grid-down situation, the world will be much different than the one we now know. Natural disasters, economic crises, terrorist attacks, or any other situation causing a societal breakdown may occur at any time. In today's world climate, it is important to be prepared for any and all possible disaster or grid-down situations. In our Grid-Down Survival Guides, we will help you understand what you need and how to be prepared when society breaks down. This guide introducing our series focuses on first aid and covers planning, gathering materials, and basic knowledge for managing and treating medical emergencies in a disaster scenario. Included in the book are product suggestions for your personal aid kit and individual trauma aid kit. We discuss methods of prevention, including sanitation plans and

protective clothing. We offer information on treatment of burns, fractures, frostbite, seizures, and many illnesses. The book closes with a section of battlefield aid that covers care under fire, tactical field care, and combat casualty evacuation. Full of valuable information, this manual for basic first aid techniques features several scenarios that may likely arise in a grid-down situation.
