Springhouse Publishing : Handbook of Diagnostic Tests before purchasing it in order to gauge whether or not it would be worth my time, and all praised Handbook of Diagnostic Tests:

This handbook covers hundreds of diagnostic procedures and laboratory tests. It is divided into two parts: the first

provides key diagnostic findings for more than 500 disorders; the second includes full details about each text. Newly included in this edition is a review and update of all tests, four new appendices, a new logo marginalia that points to ominous test results warranting fast action to protect the patient, and more.
