Various color guides helps in looking up codes quicker. Print size is marvelous also.0 of 0 people found the following review helpful. usefulBy james e harris iii great book for coding level II codes. It's the latest version. Not much to say about it because if you've used the previous versions, it's just like that but only the latest updates for 2017.0 of 0 people found the following

review helpful. Freakin Right Dude!By CrenshawFreakin right!Needed the book for a class (for my wife) and put the order in. Within two days the book was delivered and based on my wife, it is one of the core rocks for the industry.

HCPCS 2017 Level II Professional Edition provides your practice a quick and accurate coding reference. Along with the most current HCPCS codes and regulations included in the codebook, you'll have everything needed for accurate medical billing and maximum reimbursement.

About the AuthorThe American Medical Association (AMA) is the premier national organization dedicated to shaping a healthier future for America by empowering the nation's physicians to provide safer, more efficient and higher quality care for patients and communities. For more than 50 years the AMA has used its knowledge and resources to author and publish books, data files and online resources that answer the needs of today's busy physicians and their staff. The AMA line includes titles on CPT(R), HCPCS and ICD-10 coding; reimbursement; practice management; impairment; and HIPAA, electronic health records and Meaningful Use.
