Great ForethoughtBy Phil KoszykRoger's easy to read and understand evaluation of the US Healthcare system should be mandatory reading for the lawmakers in Washington. Roger's recipe for a better healthcare system is very doable and places healthcare providers into a more appropriate professional position.0 of 2 people found the following review helpful. Must-Read for Healthcare ReformBy Boomer ProphetHow many times have you heard from economists on the subject of health care reform? Here's a novel idea: Listen to someone who actually practiced family medicine as an MD for over twenty years and who then embarked on

a second career as a manager in some of the nation's most dynamic health-care systems. Theory is one thing. Real-world experience is another. If you want an insider's guided tour through our healthcare system--and if you want to know the real reform options confronting us--please read this book.

One of the most pressing questions facing us today is how to fix America's broken healthcare system. While our Politicians, Insurance Companies, Physicians, Hospitals, and Pharmaceutical Companies play the blame game and do nothing, Roger Howe, one of America's leading healthcare specialist provides solutions.
