Laurene Graig : Health Of Nations: An International Perspective On Us Health Care Reform, 3d Edition

before purchasing it in order to gage whether or not it would be worth my time, and all praised Health Of Nations: An International Perspective On Us Health Care Reform, 3d Edition:

0 of 0 people found the following review helpful. Three StarsBy Christopher M. KniggaReally no opinion since it is required for class.0 of 7 people found the following review helpful. Health of Nations: An International Perspectives

on US Health Care ReformBy Louisa DanielsBook in excellent condition - I will use this vendor again - given as a gift

Health of Nations provides detailed overviews of the health care systems of the United States, Canada, Germany, Japan, the Netherlands, and the United Kingdom and compares and contrasts the health care systems of these five other with the United States. In this thoroughly revised third edition, author Laurene Graig analyzes the health care delivery systems in each of these countries and makes expert and insightful assessments about what works. . . what doesn't work. . . and what promising new ideas are now being tested. Health of Nations provides an excellent cross-national comparison of the major healthcare systems in existence today. The book is an excellent reference guide for students of international policy or anyone seeking information on U.S. Health care reform.
