HEALTH POLITICS AND POLICY, 5th Edition walks you through the inner workings of health care policymaking, from the legislative process to socioeconomic impacts, and reveals both modern and historical perspectives in exciting detail. A collection of writings by some of today's sharpest political minds and policy-makers, the book explores factors that shape the U.S. health care system and policy, such as values, government, and private players, and compares them to other countries for international context. Helpful learning features throughout include review questions and problems, supporting tables and graphs, and special "Consider This" essays that bolster chapter concepts. In an environment of ever-changing policies and politics, the new edition seamlessly integrates themes of the past and present-day dilemmas with a look to the future of health care politics in America.

About the Author James Morone is Chair of the Department of Political Science and Urban Studies at Brown University where he received multiple citations for excellence in teaching. His research has been featured in the New England Journal of Medicine, The Journal of Law and Medical Ethics, Journal of Health Policy and Law, and many other publications, as well as on National Public Radio's All Things Considered. A prolific author, Dr. Morone's eight published books include Hellfire Nation: The Politics of Sin in American History, which was nominated for the Pulitzer Prize in nonfiction. The New York Times, Washington Post, and several T.V. and radio shows have featured his essays and op-ed pieces on politics, history, and morality. A Fulbright Distinguished Lecturer, Dr. Morone speaks frequently for organizations around the world, sits on the Board of Editors for several scholarly journals, and has shared his expertise through congressional testimony and on special government panels. He earned his M.A. and Ph.D. degrees from the University of Chicago. Daniel Ehlke is Assistant Professor of Health Policy and Management at S.U.N.Y.-Downstate Medical Center School of Public Health where he teaches Health Care Organization and Finance. His research centers on reform in the American and British health care systems. Daniel Ehlke earned an M.A. and a Ph.D. from Brown University.
