Julio Frenk, Lincoln C. Chen : Health Professionals for a New Century: Transforming education to strengthen health systems in an interdependent world before purchasing it in order to gauge whether or not it would be worth my time, and all praised Health Professionals for a New Century: Transforming education to strengthen health systems in an interdependent world:

The report of the Commission on the Education of Health Professionals for the 21st Century, an independent initiative of 20 leaders from around the world, addresses the evolving demands of health systems in an interdependent world. It articulates a fresh vision and recommends renewed actions, with a focus on institutional and instructional reforms.

About the Author Julio Frenk is Dean of Faculty, Harvard School of Public Health, and T G Angelopoulos Professor of Public Health and International Development, Harvard School of Public Health and Harvard Kennedy School.
