This title is part of the UniversityOfHealthCare/ UniversityOfBusiness Interactive Training Library, which offers authoritative, clearly written material in an interactive form for better comprehension and documentation of completion. Healthcare Fraud and Abuse Introduction should be used for two purposes: informing one's organization about fraud and abuse and for documenting their training as part of a compliance program. Upon the completion of this course, you will be able to define and differentiate fraud and abuse, list examples of fraud and abuse, list some statutes that are relevant to fraud and abuse and their basic contents, define a qui tam suit, describe some of the actions that the OIG takes, describe the circumstances that lead to exclusion from federal healthcare programs, describe at least 15 terms referring to improper billing practices, and give examples for at least 10 types of improper billing

practices. It contains videos and interactivity. Estimated time: 1-2 hours. 125 pages. Approved for national nursing CE contact hours, which must be purchased separately. You must have Internet Explorer 4.0 or higher running on your computer. Supported operating systems are Windows 95, 98, 98 SE, ME, 2000, or XP. You will need Internet access to e-mail us your unique key and receive a password key. The multiuser CDs are designed for organizations that wish to train and test a number of people at a discounted price and retain the information in the course for future reference. Each user who passes successfully with a score of 80 may print a certificate of completion. Each CD may only be activated on one computer and contains tests for up to the number specified in the title.
