Mika Markus Mervio : Healthcare Management and Economics: Perspectives on Public and Private Administration before purchasing it in order to gage whether or not it would be worth my time, and all praised Healthcare Management and Economics: Perspectives on Public and Private Administration:

The long-standing debate on public vs. private healthcare systems has forced an examination of these organizations, in particular whether these approaches play corresponding or conflicting roles in service to global citizens.Healthcare Management and Economics: Perspectives on Public and Private Administration discusses public and private

healthcare organizations by gathering perspectives on the differences in service, management, delivery, and efficiency. Highlighting the impact of citizens and information technology in these healthcare processes, this book is a vital collection of research for practitioners, academics, and scholars in the healthcare management field.

About the Author Mika Markus Merviö is Professor of International Relations at the Kibi International University, Okayama, Japan. Previously he has been working at the University of Tampere, Finland, from 1983-1995, and from which he also received his Ph.D. (International Relations).
