**Eric N. Berkowitz : Healthcare Market Research: Tools Techniques for Analyzing and Understanding Today's Healthcare Environment** before purchasing it in order to gage whether or not it would be worth my time, and all praised Healthcare Market Research: Tools Techniques for Analyzing and Understanding Today's Healthcare

## Environment:

The aim of this book is to provide detailed guidelines for market research, with adaptation to the special needs of healthcare. Filled with market data, sample survey forms, and environmental checklists, the book provides the professional with the necessary tools to effectively reach the "new" healthcare consumer. Topics include data sources for healthcare marketing research, survey sampling, estimating the use of healthcare services, researching the healthcare consumer, and healthcare marketing in the 21st century.
