## Hearing Instrument Technology For The Hearing Healthcare Professional (Singular Audiology Textbook):

Hearing Instrument Technology for the Hearing Healthcare Professional, 2E brings together modern material for the highly specialized area of hearing instrument acousticians in hearing instrument technology. Beginning with an overview of hearing instrument technology from the beginning to the "digital" era, the text covers hearing instrument types and statistics on these instruments, hearing instrument measurements, transducers, acoustic modifications, hearing instrument functions, accessories, and troubleshooting, digital hearing instruments, and audiological background.
