Meredith Gran : Octopus Pie Volume 4 before purchasing it in order to gage whether or not it would be worth my time, and all praised Octopus Pie Volume 4:

0 of 0 people found the following review helpful. I can't get enough of Octopus Pie. This volume ...By WhitneyI can't get enough of Octopus Pie. This volume has wrought havoc on my emotions and I'm very much looking forward to the next installment. It's killing me not to read ahead online.0 of 0 people found the following review helpful.

Perfection. By Michael Milner Everything was perfect. This is the best series of all time. I will read this four more times before I put it down. 0 of 0 people found the following review helpful. After three volumes, I've decided I'm not a fan, but I'm glad others are. By Wayne A McCoy 'Octopus Pie, Volume 4' by Meredith Gran continues the lives of people living in Brooklyn, this time in color, sometimes. I haven't been the biggest fan of the series, and this volume didn't help. The story still follows Eve and her mismatched roommate Hannah. There are additional supporting cast. There are house parties, and Eve's job at an organic grocery store. Breakups and boyfriends. Will considers a career change from being a pot dealer. A writer comes to do a party on how Eve and her friends hang out together. I found some of the earlier volumes a bit more humorous. I didn't find this volume to be so. I'm not of the age group portrayed, and maybe that's the problem. I don't feel like I would want to hang out with any of these characters. I know this series has its fans. I'm just deciding I'm not one of them. I received a review copy of this graphic novel from Image Comics, Diamond Book Distributors, and NetGalley in exchange for an honest review. Thank you for allowing me to review this graphic novel.

In the fourth installment of Octopus Pie, dreams and harsh reality are beginning to blur. In print for the first time, this volume follows our Brooklynite heroes as they descend into the throes of heartbreak. Filled with fully-formed characters, Gran has been just as interested in exploring being in your twenties as she is at making jokes and crafting absurd stories... the strip has matured alongside the characters, resulting in an emotional and very natural journey. - Comic Book Resources

About the Author Meredith Gran was born in 1984 and lives in Brooklyn, NY. She teaches comics at the School of Visual Arts.
