Joe Casey : Officer Downe: Bigger Better Bastard Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Officer Downe: Bigger Better Bastard Edition:

The concept is good though the story is slightly faster paced than it should and feel incomplete as the villain bosses are not dealt with (though being a one-shot it is left open for more issues).If read on Kindle for Windows instead of Comixology the spread pages will be compressed to fit into one.I saw the

movie first and found the comic way better.0 of 0 people found the following review helpful. OkBy Kindle CustomerOk0 of 0 people found the following review helpful. Four StarsBy Steve S.Great action-packed story and art.
