Kalinda Vazquez, Corinna Bechko : Once Upon a Time: Out of the Past before purchasing it in order to gage whether or not it would be worth my time, and all praised Once Upon a Time: Out of the Past:

6 of 6 people found the following review helpful. Listen Up! By Nicole Reid As a self-confessed fan of fairy tales and comics, Marvel's Once Upon a Time series has been a treat (Check out my review of the first book, Once Upon a Time Shadow of the Queen here), so when I heard about the second book in the series coming out, I knew I needed to pick it up. Once Upon a Time: Out of the Past contains four chapters, each following four different characters from the television series. Captain Hook, Belle and Rumpelstiltskin, the Evil Queen and the Mad Hatter are the featured

characters in each of the chapters. Each of them are captured at a critical period of their experiences, that shape them into the characters we know (and sometimes love) through the tv show today. One of my favorite stories featured Captain Killian Hook. I love seeing Killian as a multifaceted character, especially on the Jolly Roger. He has a great rapport with his first mate, and it was hard to make the decision he had to make but it was done in a believable manner. One of my least favorite stories was the one featuring the Hatter. I loved the CONCEPT of Once Upon a Time in Wonderland, but I felt like the series missed the mark and it was cancelled within the first season. While I feel like the writers and artists did well within the Hatter story in this, I wish they would have picked someone else to feature. There is no problem with the execution of the story. The hardcover volume contains a fully-covered dust jacket. Underneath the jacket is a really nice book, similar to Henry's storybook featured in the tv show. There was a great bonus section featuring costumes and concept art. 4 of 4 people found the following review helpful. Great Illustration!!! By Danielle This book has very good art and tells you some untold stories that you don't get from the show...just very fast to read but it is a comic so that's expected! 0 of 0 people found the following review helpful. Interesting side stories By Sarah R Got as a gift for a friend who loves this show, but I watch the show too so I checked it out. A lot of the drawing style is nice, I prefer the watercolor of the Rumbelle story to the SUPER vibrant of the Hatter's story, but it's fine. I don't understand why the Hatter's design is so different from the show's version- were they trying to use Johnny Depp's Hatter as inspiration? The stories were all interesting but didn't add a ton to the show's overall story. Just interesting side adventures.

Return to the immersive world of ABC's hit television series ONCE UPON A TIME with an all-new sequel to the original graphic novel, ONCE UPON A TIME: The Shadow of the Queen. Welcome to the Enchanted Forest, where the characters from classic fairy tales have come to life and are locked in an epic struggle between good and evil! Plotted by series writer and co-executive producer, Kalinda Vazquez, and co-written by returning author Corinna Bechko, the release will tie into official show continuity and dive in to four never-before-told stories of fan favorite characters!

About the Author Kalinda Vazquez is an American television writer and producer. She is well known for her work on the Fox drama Prison Break and The CW espionage series Nikita.
