This novelist's expression of the boys' budding love is simply beautiful. Thankfully the translation did not let us down even though more editing would have been appreciated. I could not help regretting not knowing Japanese (sigh!). Vol 1 has 2 stories. The manga is based on the first story but even the pleasing graphics and faithful adaptation could not beat the expressive words depicting the

angst and romance in the novel. And of course there is the second story which is even more emotional and the last part when our 2 boys finally consume their love is touching and warmly romantic and described with a fluid grace. This second story was never published in any manga form. For the price, the novel is definitely worth its weight in gold considering I have no qualm about spending close to \$10 bucks for the manga. Glad there are 2 more volumes to go in this beautiful series. After reading "Don't worry Mama" and this, I am hungry for more translated Japanese BL/Yaoi novels. 0 of 0 people found the following review helpful. I normally hate romance/drama stories By Jeanine Kaye I normally hate romance/drama stories...but this series I can't stop reading. It's more realistic and just draws you into the story. I'm always looking for books that are different from the basic 'normal' stuff you see on people's shelves. This fits all of my criteria for a good book. I'm in love with it. 0 of 0 people found the following review helpful. Beautiful story By Claudia Moran One of The best books I have read of The gender

It's the ultimate expression of love to wear matching rings with your significant other, showing the world that you are a couple. High school student, Wataru Fujii, also wears one even though he is single. When he accidentally switches rings with a popular and handsome senior, Yuichi Kazuki, they discover that their rings pair up! Since that moment, Kazuki - who is known for being kind to all - becomes strangely harsh to Wataru. They alternate between hot and cold, as in between clashes they begin to sort their feelings for one another. Are Wataru and Kazuki the worst of enemies or are they actually soulmates?
