The price for the kindle book is perfect too-\$1.99 for all five of the Helsinki comics with this purchase as opposed to \$1.99 for each of the five. Sometimes it pays to be patient and wait till all of a series are out!0 of 0 people found the following review helpful. Great adaptationBy Ovaltine JenkinsFelt like reading

an episode of the show. Just missed the power that the best actress on any TV show ever, Tatiana Maslany, brings to the actual "Orphan Black" program. 0 of 0 people found the following review helpful. Five Stars By Christina Fantastic addition to the lore of Orphan Black

Helsinki. Spoken in hushed tones, the word means almost certain death for Sarah and the other clones of Project Leda. Learn the dark secrets of this codename, and its critical meaning for a clone named Veera, in this special event miniseries written by Orphan Black co-creators John Fawcett and Graeme Manson.
