Robert Kirkman : Outcast by Kirkman Azaceta Book One before purchasing it in order to gage whether or not it would be worth my time, and all praised Outcast by Kirkman Azaceta Book One:

5 of 5 people found the following review helpful. Dark, Interesting, and BeautifulBy nathan stumpI haven't seen the show, or read any of the books before, but I really like Kirkman's other work, so I decided to give Outcast a shot. I'm glad I did. The characters are interesting, the story is creepy and intriguing, and I love the art work. The colorist did a great job at capturing the mood in each panel. I even appreciate the lettering choice for the dialogue. I can't wait for the

next one to be released. 1 of 1 people found the following review helpful. Another Fantastic Series By Robert Kirkman By Brad The writing and art styles are fantastic. Any fan of The Walking Dead or any other of Robert Kirkman's works would absolutely love this book. 1 of 6 people found the following review helpful. I expected intelligent character work and an exploration of relationship between those ... By A Norris. Skip it, I expected intelligent character work and an exploration of relationship between those characters. What I got was what seemed like a 30 second thought that was extended into 12 issues. The story is dull, and practically non-existent. One scene I cared about the main character. The rest was very juvenile written. I am very upset with the purchase. There was also very little research done for the city and state it is set in. I live in Charleston WV and have my entire 33 years. The places depicted in the frames do not exist, that's a little nitpicky because nobody outside this state will know. It is just a testament to how amateur this is. I can honestly not believe it is going to be a show with how little story there is.

This hardcover features the first twelve issues of the hit comic book series, along with covers and a sketchbook, in one oversized hardcover volume. Perfect for long-time readers and fans of the Cinemax TV show.

LIBRARY JOURNAL -- Kyle Barnes is a pariah, living in squalor after becoming estranged from his wife and child following an act of shocking violence years before. Convinced that madness and despair follow him wherever he goes, Kyle is given a chance at a new start-and possibly some answers to his own past-when a small-town pastor convinces him that all his troubles are owing to the existence of demonic forces eager to possess and subvert humanity and that Kyle just might have a larger destiny in a cosmic battle between good and evil. Discovering the demons is only the beginning, as Kyle soon finds out that some evil doesn't just resist exorcism, it goes on the offensive. The work is cocreated by writer Kirkman (The Walking Dead) and illustrator Azaceta (B.P.R.D.), with colorist Breitweiser (Kill or Be Killed), whose skills at conveying small moments of human drama make the bloodier bits all the more astounding. Verdict This initial volume is mostly concerned with setting the stage for the larger tale, but horror fans aware of Kirkman's pedigree should eat it up nonetheless. -Tom Batten, Grafton, VA
