Robert Kirkman, Paul Azaceta : Outcast by Kirkman Azaceta Volume 1: A Darkness Surrounds Him before

purchasing it in order to gauge whether or not it would be worth my time, and all praised Outcast by Kirkman Azaceta Volume 1: A Darkness Surrounds Him:

3 of 3 people found the following review helpful. Demons, Devils and Possessions, Oh My! By DSBI must confess, I never read any of the comics before watching the first episode of Cinemax's Outcast. I bought this immediately (Kindle and Print) after watching it and I was really impressed how close the episode stuck to the comic. I went on to buy the second and third volumes (third releases this month I believe) and I look forward to see how Kirkman and Azaceta move the story along. I like how the story focuses on characters vs the "Oh look, a scary CGI demon" that Hollywood seems to only be capable of these days. That's not to say it isn't scary--it is--but the fact that you care about these characters gives it a much sharper edge. 3 of 3 people found the following review helpful. Confused about the series, read the comic book. By ProfessorF In was disappointed in how slow the TV series was moving, so I decided to buy the comic book. As with any adaptation, the original is way better than the TV series. The comic goes into a lot of depth for the preacher's character, which I really like--especially his views on God and his purpose in life. However, like the TV series, volume one explains very little. Volume one ends at TV episode #6--in case you were wondering. Art is appropriately minimalist and crude, but fits really well with the story. I like it so far, can't wait to read volume 2. 3 of 3 people found the following review helpful. A very interesting read. By Kindle Customer Robert Kirkman has built a reputation of being a master of horror and drama alike. And it is with great joy that I say: This book doesn't disappoint! Kirkman weaves together a tale of spirituality, heartbreak, pain, loss, and the hope of redemption. Every piece of dialogue spoken by a character has meaning and depth into each character's personality and psyche. Not a single scene is wasted. Which brings me to the art. There are a few scenes and panels where no words are spoken and yet the artist manages to capture the mood of the characters and the situation they find themselves in. I can't wait to read the next volume.

Kirkman, creator of The Walking Dead series, has launched another grim and civilization-menacing serial. The artwork of Azaceta is bold and coarse, with sophisticated and dramatic coloring. The overall effect is atmospherically creepy and yearns to be read. The television series is already under way. - Library Journal (Starred)

LIBRARY JOURNAL (STARRED) -- Kirkman, creator of The Walking Dead series, has launched another grim and civilization-menacing serial. The artwork of Azaceta is bold and coarse, with sophisticated and dramatic coloring. The overall effect is atmospherically creepy and yearns to be read. The television series is already under way.
