**Tagro : Panty Stocking with Garterbelt** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Panty Stocking with Garterbelt:

20 of 20 people found the following review helpful. Funny, and kind of gross... just like the anime By Vergil After watching the hilarious anime, I was eagerly anticipating this manga; and I'm not disappointed. I must say, the quality is on par with the anime, full of ribald and clever sex humor, pop cultural references, and charming wit and social commentary. That being said, the main source of entertainment is the rampant vulgarity. The art is nice and cute too. There's a crossover chapter between PSG and Abnormal Physiology Seminar. There's even a brief cameo from the demon sisters! Weighs in at about 120 pages. 1 of 1 people found the following review helpful. Excellent manga for fans of the anime But the Kindle Edition leaves much to be desired By Jason Hatton A great raunchy comedy series

based on the anime by the same name. Hopefully this manga will hold me over until the next season comes out. UPDATE: This book is not available for Kindle for PC. It will refuse to download. While does list this fact at the bottom of the page, at the top of the page they offer the Kindle for PC, implying that this application can read the eBook. Misleading at best and downright bait and switch at worst. The manga also wasn't formatted correctly. Well published kindle manga starts at the far right of the book and moves left, just like printed manga. This book starts at the far left, spoiling the ending! Having to read the book in the reverse order that the kindle software expects means that the various "time to complete" features don't give you a correct time and the percentage complete counter counts down from 100% down to 0%. Be careful... I would recommend the printed edition because of these problems... 1 of 1 people found the following review helpful. loved every bit of it~By magicstorm101I have to say, despite not being canon to the anime, it very well could be. It was fantasticly bold, gross, and sexy till the end~ Tagro did a fantastic job on the art as well, its identical to the anime. My only complaint is that I wish it was longer ): I was glad we got to see Scanty and Kneesocks and Brief too! (I was afraid they wouldn't appear at all, but I'm glad they did) this is perfect for anyone who finished Panty Stocking with Garterbelt, but still wants some more peverted gross action from these two awesome angels

Panty and Stocking are cute but highly dangerous angels, booted out of Heaven for wrath, sloth, lust, envy, avarice and gluttony (at least pride wasn't high on their list). Now residing among the sinners of Daten City, the angels try to earn their way back into grace by exorcising evil at the behest of their questionable preacher boss, the Afro-bedecked Garterbelt
