I enjoy looking for the allusions to the original novel. This one has very little connections but that doesn't hurt the story. This collection is all about Tiger Lily and Julien. I believe this arc ends their involvement actually. Which is sad because I enjoyed these two characters. Peter has a great arc in this one where

he is talking with his captors that is not to be missed. I couldn't put this collection down once I started. Just like the other three I have read. I love the story and how it progresses with an interviewer looking up Peter's Lost Boys and asking about each of their experiences of the war with Peter. This would make one awesome TV series. I can't wait for collection 5!
