Kieron Gillen : Phonogram Volume 1: Rue Britannia before purchasing it in order to gage whether or not it would be worth my time, and all praised Phonogram Volume 1: Rue Britannia:

0 of 0 people found the following review helpful. it's not QUITE as good as The Singles ClubBy N. RamonOkay, it's not QUITE as good as The Singles Club, but it's still really, really good and it's a striking look at being a pop music fan. Get it and read it. Then get The Singles Club and The Immaterial Girl.1 of 1 people found the following review helpful. I didn't hate the bookBy GeeklatI'm a big fan of Kieron Gillen, but I honestly felt this fly right over my head.

That's entirely on me as the reader as I don't feel this is really a book made to speak to me. I didn't hate the book, but I didn't get super invested because I had trouble following it. If you're really into music history and britpop though, then you'll probably love this book. 0 of 0 people found the following review helpful. and it is just fantastic. By S. H. One of my first introductions to comics, and it is just fantastic.

Britannia is ten years dead. Phonomancer David Kohl hadn't spared his old patron a thought for almost as long... at which point his mind starts to unravel. Can he discover what's happened to the Mod-Goddess of Britpop while there's still something of himself left? Dark modern-fantasy in a world where music is magic, where a song can save your life or end it.
