this is amazing. I could go on and on and on about it, but suffice to say that if you're a pop music fan, or a comics fan, or both (or if you're an incorrigible hipster), you need this. Gillen is alternately sharp and sweet, and McKelvie's art is beautiful. Just go get it.0 of 0 people found the following review helpful. Four StarsBy CustomerIt is quite fun and the perfect jumping point to the Phonogram universe.0 of 0 people found the following review helpful. Five StarsBy fourmyle_of_ceres@hotmail.comFantastic. Amazing art. Great writing. Fans of comics, magic, and/or music should check it out.

We've put you on the guest list. Don't be late! This is one night you'll never forget! The second series of Phonogram separates itself from the frenzied mob of adoring critics just long enough to transform into this handsome collected volume, which features seven individual-yet-interconnected stories set in a single night in a single club, each starring a young phonomancer, and each exploring a different mystery of music and magic. Collects Phonogram: The Singles Club #1-7, including a cover gallery and "Making Of" extras.
