**Gregg Schigiel : Pix Volume 1: One Weirdest Weekend** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Pix Volume 1: One Weirdest Weekend:

0 of 0 people found the following review helpful. Five Stars By G Foyle Super fun book for girls! (And their brothers who might try to sneak-read it when nobody's looking :) 0 of 0 people found the following review helpful. Five Stars By Cristina Dickey Fun Story! Great art! 0 of 1 people found the following review helpful. More Pix! By C Adam Yale Pix was outstanding. There were a bunch of elements woven into this story that left me seeking the next installment. The

illustrations were lush and the creatures appropriately warped. My favorite was the magic 8-ball gone bad. Keep up the good work!

NOW FROM IMAGE COMICS! Make way for Pix, the teen superhero who believes herself a fairy (and princess, no less). In her first original graphic novel behold: attacking electronics - secret crushes - a magic 8-ball monster - cell service issues - a dragon war - a bad date - worried moms - a furtive frog and a malevolent monkey, all making for ONE WEIRDEST WEEKEND! Thrilling, energetic superhero action! Lively, funny teen dynamics! If Spider-Man were a Disney princess, you'd have PIX! From GREGG SCHIGIEL (SpongeBob Comics) .

VOYA -- Schigiel mixes superhero action with fairy tale tropes and lots of humor to create a fun story with a strong, appealing teenage female protagonist. Pix's friends aren't merely there for background, but have distinct personalities and play important roles in the story as well. Schigiel uses a colorful, cartoony style and draws his human characters to look like people, for example, Pix looks like a cute teenage girl with a realistic figure, and her superhero costume is a modest (and cute) dress. Libraries who want to provide good superhero role models for younger teen girls should check out this book.
