Ken Garing : Planetoid Volume 1 TP before purchasing it in order to gage whether or not it would be worth my time, and all praised Planetoid Volume 1 TP:

4 of 4 people found the following review helpful. I'm very picky and I loved it!By Dave SwavelyI loved this graphic novel for a number of reasons... it's the kind of art I like, great story with great world-building, written and drawn by the same person (I'm amazed at the talent that takes), and not a lot of profanity or other "adult" stuff. Pretty scary violence, though, so not recommended for younger children. But for the rest, great stuff! And the courage to end it in a

"non-commercial" fashion (no spoiler, but you'll see what I mean). Good work, Ken (whoever you are:)... hope we get to see more from you!
0 of 0 people found the following review helpful. Great story
By CustomerA Fast moving story with great art work set against a bleak mechanical futuristic backdrop looking forward to the next issue
1 of 1 people found the following review helpful. Five stars
By JscifireaderThis excellent book has great writing and artwork. The story is well paced. The artwork and storytelling exemplifies perfect world building. A good self sustained story, highly recommended.

Silas, an ex-soldier turned space pirate, finds himself stranded on a mysterious planet in alien territory. As he explores the long-abandoned industrial ruins of the planet's surface, he will have to fend off roving cyborg militias and a hostile alien military with a bounty on his head. Ultimately, Silas will have to build a coalition amongst the planetoid's nomadic tribes in order to make a final stand against the larger tyrannical forces that rule over them.
