**Al Columbia : Pogostick, No. 1** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Pogostick, No. 1:

Al Columbia, creator of the highly regarded series *The Biologic Show*, teams up with *Top Notch* creator Ethan Persoff to collaborate on what is a gem of a tale about a man with the inescapable malaise that comes from doing the same thing day in and day out. Persoff's flat drawing style perfectly captures the empty world of Audrey, a mostly incompetent member of a design firm who doesn't want the meager responsibilities he has. But we never quite know if Audrey is drifting through it all or if he's a brilliant manipulator, thanks to Columbia's always-sublime writing.
