Matt Hawkins, Bryan Hill : Postal Volume 1 (Postal Tp) before purchasing it in order to gage whether or not it would be worth my time, and all praised Postal Volume 1 (Postal Tp):

3 of 4 people found the following review helpful. This was the surprise of the century as far as ...By Josh MathenyThis was the surprise of the century as far as I am concerned. I desperately want to read more. The only problem I had with this book is that it was TOO SHORT and had a sample of another unrelated series that I have no interest in reading. They could have fit another book in there if it wasn't for all the sketches and unrelated "The Tithe" content.Either way,

you need to read this book. Right now. Put it in your cart, and get it. You can thank me later. 1 of 2 people found the following review helpful. Five Stars By jensy diaz The suspense keeps u turning each page. 3 of 3 people found the following review helpful. ABSOLUTE MASTERPIECE!!! By Ben Gordon I don't know what else to say other than I have NEVER read a comic as immersive and incredible as Postal. Matt Hawkins and Bryan Hill have true created an absolute masterpiece!! I am currently buying two issues every time the comic comes out and have plans to buy multiple copies of the trade to get more of my friends reading the series!! If you are hesitant on buying this, do yourself a favor and just do it, you won't regret it!!

The townsfolk of Eden, Wyoming wake up to the first official murder the town has seen in 25 years. Their reaction to this isn't normal and there's a reason for that. Eden operates as a haven for fugitive criminals who remain here while new identities, often including facial reconstruction, are created for them. There is zero tolerance for any illegal activity that might draw attention to the town and an official murder is the last thing they want. A single, tight-knit family runs Eden with the youngest oddball son Mark Shiffron overseeing the postal branch, the only means of shipping in or out of the city. THE FBI has repeatedly been foiled trying to insert an undercover here; they see Mark as the weak link to exploit. This murder gives them a new opportunity.
