I feel like these stories are just copied from the show but ...By lynaevI feel like these stories are just copied from the show but changed up a slight bit. I read it before I gave it to my daughter, and I've seen every episode of the show about a billion times, and I just felt like I was watching a rerun when

I read this. It's very well drawn though. My daughter loves it. 0 of 0 people found the following review helpful. Cute and Colorful
By Morgan Floyd
Again, I can't rate this any lower because it feels like I'm watching more episodes of the Powerpuff Girls I've never seen before. Even though, this book is obviously meant for children, but for people who grew up watching this show will get kick out of this too. It's fun and colorful and cute. 1 of 1 people found the following review helpful. Those Pint Sized Powerpuffs Bring The Pain Yet Again To The Populated Streets Of Crime Plagued Townsville

Issue By Issue Summary
#5: Holy Molar (Sep 2000)-Bubbles loses a tooth, prompting Mojo to dress up as the Tooth Fairy, steal it, and use it to power a highly powered drill so that he can rob numerous places
#6: Dial "M" For Mojo (Oct 2000)-While trying to order Pizza, Mojo discovers the number to the secret phonenumber to the the Power Puff Girls that's used by the Major. He sends them on a bunch of wild goose chases pretending to be the Major so that he can have free reign to pilfer numerous store fronts without worry
#7: Remote Controlled (Nov 2000)-Bubbles is obsessed with a live action television program called "Dr. Blowtop's Land Of Happy Show". So much so that it distracts her from helping her sister's fight crime. Recognizing the show's stranglehold over children's minds, Dr. Blowtop exploits them into sending him and his friends all of their parent's money in order to help them "restore their happy". *this is one of my absolute favorite issues aside from #3*
#8: Mayor, May I? (Dec 2000)-Fed up with the Mayor's incompetence and genuine lack of appreciation for her, Miss Bellum takes a well deserved vacation. The Mayor soon comes to realize how utterly useless he is without her
#9: Creature At Large Blowing Bubbles (Jan 2001)-A barrel of radioactive waste is accidentally tossed overboard, reviving a monstrous creature, but the only problem is that no one can see him-A new gum flavor is about to go on sale at a candy store and Bubbles is first in line to try it. Unfortunately it reacts violently to the Chemical X inside of Bubbles and causes her to grow huge with each chew. *Rather interesting "B" story overall if I do say so*
#10: Rouge Clowns (Feb 2001)-Little Scotty is having a birthday party with all his classmates from Pokey Oaks (including the girls obviously), when his parents reveal yet another gift for him, a clown named Rocko. He soon grows tired of how bratty the children are and revolts, calling upon his clown buddies to help him wreck havoc on the city
Overall I'd have to say that so far, this is the most ideal collection for people only vaguely familiar with the series and yet another "well worth the money" purchase for diehards such as myself

They're cute. They're fun. And they're powerful! The Cartoon Network classic Powerpuff Girls return to comics in this collection of comic-book adventures. Featuring issues #510 of their ongoing series, this second volume includes hijinks like "Holy Molar," "Dial 'M' for Mojo," "Creature at Large," and more!
