powered beings called Powers. This will be great. 1 of 1 people found the following review helpful. I really enjoyed book one. By Y. Winters. Finally started this revered series. I really enjoyed book one, though I'm not sure if I'll continue yet. 0 of 0 people found the following review helpful. Good Job. By hkenishin89. The story was good and a fresh take on the superhero genre. The book came fast, no complaints there.

Heroes glide through the sky on lightning bolts and fire. Flamboyant villains attempt daring daylight robberies. God-like alien creatures clash in an epic battle in the night sky. And on the dirty city streets below, homicide detective Christian Walker does his job. Detective Walker has to investigate the shocking murder of one of the most popular superheroes the world has ever known: Retro Girl. Walker is teamed up with spunky rookie Detective Deena Pilgrim and the investigation takes them from the seediest underbelly a city has to offer, to the gleaming towers that are home to immortal beings. As shocking twisted hidden truths about Retro Girl come to light, Walker finds that to solve this crime, he might have to reveal his own dark secret. This collection also includes the Powers comic strips, a Michael Avon Oeming sketchbook, the entire Powers #1 script and more! COLLECTING: POWERS (2000) 1-6
