**Garth Ennis : Preacher VOL 08: All Hell's A-Coming (Preacher (DC Comics))** before purchasing it in order to gage whether or not it would be worth my time, and all praised Preacher VOL 08: All Hell's A-Coming (Preacher (DC Comics)):

It's still my favorite Garth Ennis work, though he continues to put out one incredible series after the other. He's never created a character that didn't elicit some kind of churn in my psyche. And the art work here is some of the best there's ever been in a graphic novel series, can't think of any that rival it right now. We're getting near the end at this juncture of Preacher and the pacing is just brilliant. It's like a roller coaster that sometimes just stops and lets you think about the danger ahead before you roll on in. Enjoy the ride! 0 of 0 people found the following review helpful. this is pretty damn close By nougat420100 Bullets is the comic by which I judge all others... this is pretty damn close. I don't do superheroes except some of the darker Batman stuff (B. Azzarello, F. Miller) and have really just ripped through the vertigo titles... 100 Bullets, Transmetropolitan, this of course, Planetary even though that's not vertigo... just gritty violent nourish stuff, lite on the supernatural but not totally lacking. 0 of 0 people found the following review helpful. It's Time for Redemption By Michael Gagnon If you follow my reviews at all, you know that I love the Preacher series. It's my favorite comic series. One of the few I can read and re-read from beginning to end without getting tired of it. This installment is no different. Jesse and Tulip are reunited and it's time for everyone, including Cassidy and The Saint of Killers to explain themselves and make their deals before the final retribution of Jesse, Tulip, The Grail and the Lord are meted out. A great suspenseful chapter that lease directly into the next and final book of the series, Alamo.

It's trite but true: you can't keep a good man down. Holier-than-anyone Jesse Custer comes back from the dead--or wherever--in the eighth collection of Preacher, All Hell's A-Coming. Garth Ennis's knack for developing characters slowly and almost effortlessly pays off more and more with each issue, and by now Custer, his lover Tulip, and his vampire friend Cassidy are as complex as anyone you're likely to meet. The story arc focuses on Tulip's own resurrection from her unlife of booze, drugs, and Cassidy as she reunites with the Preacher, and this powerful tale doesn't require any superheroic conflict to affect the readers. (Fans of the Voice will be disappointed to learn that it's only used once, in an amusing throwaway scene.) As this develops, the nefarious Grail suffers from internal struggle, and poor Arseface finds himself on the backside of fame, setting the stage for plenty of future weirdness. In addition to the regular collected issues, All Hell's A-Coming includes the one-shot "Tall in the Saddle," a fast-moving story from Jesse, Amy, and Tulip's younger days. If you've never met the Preacher, isn't it about time you found the fear of God? --Rob Lightner
