**Mark Verheiden : Predator: The Original Comics Series - Concrete Jungle and Other Stories** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Predator: The Original Comics Series - Concrete Jungle and Other Stories:

focusing on Det. Shaeffer, Dutch's (Arnold Schwarzenegger) brother. Shaeffer fights the Predators in New York, Siberia, and then back in Central America in the three different books. The Good: Some of the scenes from Concrete Jungle were used in Predator 2. Ron Randall's art and the coloring in the third book are great. The Bad: The coloring in the first two books is terrible. The Ugly: The amount of machismo in these books is overwhelming. I think Verheiden watched too many Dirty Harry movies when he was writing these. Shaeffer is such an overwhelming caricature of a 70's cop that it makes the books unbearable. You can only hear someone refer to every girl he meets as "Sweetheart" so many times before you start rooting for the Predators. Received an advance copy from Dark Horse and Edelweiss in exchange for an honest review. 0 of 1 people found the following review helpful. Five Stars By cosmo1997 Amazing collection perfect for a Predator fan on its 30th anniversary!

Celebrate the thirtieth anniversary of one of the great action movies of all time with this collection of original comics sequels to the film. Before Predator 2 was ever conceived as a film, writer Mark Verheiden and artist Chris Warner created an acclaimed comic-book sequel to Predator that took the alien trophy hunters from the jungles of Central America to the concrete jungle of New York City--where they face Dutch Schaefer's big brother, who's an NYPD detective! Also included in this volume are Verheiden's two subsequent Predator stories--Cold War, which finds the Predators crash-landed in Siberia, and Dark River, in which the hero of Concrete Jungle traces the path of his younger brother to find out what really happened to him after the events in the movie Predator. Three now-classic tales in one over-sized, deluxe hard cover volume designed to sit on your bookshelf beside the Aliens 30th Anniversary edition! Collects: Predator: Concrete Jungle (#1-#4), Predator: Cold War (#1-#4), and Predator: Dark River
