Leonard A. Levy : Principles and Practice of Podiatric Medicine before purchasing it in order to gage whether or not it would be worth my time, and all praised Principles and Practice of Podiatric Medicine:

4 of 4 people found the following review helpful. Misleading Title By John Wagner The title of this book does not tell you it is Volume II. There are 58 chapters in both volumes, and this volume starts at chapter 28. I blew a lot of money and now I am trying to find Volume I on but cannot. If anyone can help me, please do.

Data Trace Publishing brings you this one-stop reference for current podiatric medical practice.
