**Frederick S. Cramer : Proceedings of 11th International Congress on Hyperbaric Medicine** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Proceedings of 11th International Congress on Hyperbaric Medicine:

Presents the papers given by twenty-five non-Chinese delegates who joined twenty invited Chinese physicians and scientists at the Congress held in Fuzhou, China. All the participants are active experts in the field of hyperbaric medicine. Represents a remarkable insight into the ongoing research and clinical experience of China, home to one-fifth of the world's population. Also covers a ten-day tour of Chinese HBO facilities.
