Rosemary Lubinski, Carol Frattali : Professional Issues in Speech-Language Pathology and Audiology: A Textbook before purchasing it in order to gage whether or not it would be worth my time, and all praised Professional Issues in Speech-Language Pathology and Audiology: A Textbook:

The purpose of this text is to introduce graduate-level students and practicing clinicians to the wide variety of professional issues that define the communicative disorders professions, affect service delivery, and guide the interaction of audiologists and speech-language pathologists with other education and health service delivery professionals in a variety of settings. This text addresses a broad scope of issues, and also serves as a key text for students and as a professional reference. The text covers topics current to both educational and health care settings, overviews the professions of speech language pathology and audiology, and introduces the reader to a variety of professional issues such as preparing for employment, infection control, burn out, and many other topics. This book should be of interest to graduate students in audiology and speech-language therapy.

About the AuthorDr. Lubinski is a Professor in the Department of Communicative Disorders and Sciences at the

University at Buffalo, SUNY. She has published several texts, including *Dementia and Communication*, *Communication Technologies for the Elderly*, and *A Guide to Cultural Competence in the Curriculum: Speech-Language Pathology*, along with more than peer-reviewed articles. A Fellow of ASHA, she speaks nationally and internationally on topics related to aging and communication, as well as professional issues.
