Rosemary Lubinski, Lee Ann C. Golper, Carol Frattali : Professional Issues in Speech-Language Pathology and Audiology before purchasing it in order to gage whether or not it would be worth my time, and all praised Professional Issues in Speech-Language Pathology and Audiology:

0 of 0 people found the following review helpful. GoodBy KJI don't remember what this book was specifically for but i had to get it for class. Its been a while.1 of 3 people found the following review helpful. Easy reading and very informative!By JBIt was a required book for a course I am currently taking. I have gotten lots of useful information from it. Easy reading and good info for SLP's and Audiologist!1 of 6 people found the following review helpful. Speech Path textbookBy A. FarookiIt arrived within the promised time frame and was in great condition. I didn't have to get it at the college bookstore so it saved me some money.

This book provides comprehensive coverage of the issues critical to professional practice in communication sciences. The text is multi-contributed and each chapter is written by a leading expert in the field. This is the most up-to-date

text on the market, and it provides in-depth coverage of the recently updated 2005 Standards of Clinical Competence. The text is clearly organized and highly approachable for readers, and it provides a number of excellent pedagogical features such as case studies, tables and decision-trees to help reinforce the material.

About the Author Dr. Lubinski is a Professor in the Department of Communicative Disorders and Sciences at the University at Buffalo, SUNY. She has published several texts, including *Dementia and Communication*, *Communication Technologies for the Elderly*, and *A Guide to Cultural Competence in the Curriculum: Speech-Language Pathology*, along with more than peer-reviewed articles. A Fellow of ASHA, she speaks nationally and internationally on topics related to aging and communication, as well as professional issues. Lee Ann C. Golper is an associate professor in Department of Hearing and Speech Sciences (DHSS), Vanderbilt University, School of Medicine, and the Administrative Director of SLP Clinical Programs at the Vanderbilt Bill Wilkerson Center. She received her academic training from Indiana University (BA, 1971), Portland State University (MS, 1976), and University of Oregon (Ph.D., 1982). She has worked for over 30 years in academic medical center settings and has published and presented extensively in the areas of neurologic communication disorders, medical speech-language pathology, evidence-based practices, and health services delivery. Dr. Golper is Board Certified by the Academy of Neurologic Communication Disorders and Sciences; she is a Fellow of the American Speech-Language Hearing Association, a Scientific Fellow of the American Academy of Otolaryngology/Head and Neck Surgery and a Fellow of the American Heart Association-American Stroke Association.
