Books is in good conditions except that it has been a property of ...By JANABooks is in good conditions except that it has been a property of a University library in Dave in Florida and has been marked and stamped on many pages of the book.0 of 0 people found the following review helpful. Helped me, and that's enough.By Julia L. DeNiroSince I don't specialize in risk assessment, I can't judge the finer points of this text. However, it provided enough detail to help me through my course in risk assessment, and that's enough to warrant five stars from me. The text's presentation of equations was especially helpful.0 of 0 people found

the following review helpful. Five StarsBy jazmin kaufmanGreat book!
