Highly recommend this book as it flawlessly continues the story lines from the first volume while adding more plot threads and future stories. Fantastic appearance and portrayal of Nick Fury. Once again great art, dialog, and story telling. I am certainly going to buy the whole set and if you read and enjoyed the first

one, you should too.0 of 0 people found the following review helpful. ... Ennis' run on Punisher in the Max imprint is awesome! I find it reminiscent of LeonBy IamSquidGarth Ennis' run on Punisher in the Max imprint is awesome! I find it reminiscent of Leon: The Professional. I had read most of these stories individually but I recently read through them all in sequence and found that they are more serialized than I had expected. I therefore recommend getting volumes 1-4 of Punisher Max: The Complete collection and reading them all in sequence.0 of 0 people found the following review helpful. Perfect Punisher!! 10/10By PhalanxsisThis is Great stuff. This is what the Punisher supposed to be. Garth Ennis' Punisher embodies everything about Frank Castle and how he's supposed to be. The books are dark,gritty,and are extremely well written. Along with stunning artwork and great storylines this is the best Punisher comic ever created. Highly recommended !!!10/10

Nick Fury has a dangerous mission for the Punisher: break into a Siberian nuclear missile silo and steal a lethal retrovirus. But Castle's mission soon sets off a chain reaction that will bring him into conflict with a ruthless Russian General - and take the world to the brink of war. Then, mobster Nicky Cavella returns to plague the Punisher, but when his scheme unleashes a wave of violence that rocks New York to its core, other predators start to emerge from the darkness.COLLECTING: PUNISHER (2004) 13-30
