The story starts with our man Frank tricking all the NE crime families into meeting in a skyscraper, then Frank literally brings down the house by demolishing the entire skyscraper with all the capos in it. But where is the Punisher? And who are all these new people dressing like The Punisher, claiming to be

him? Read along from a "90's reality news show" perspective as the aftermath brings every thug out of hiding NYC collectively lose their marbles. 10 out of 10 IMO. A must read! 1 of 1 people found the following review helpful. Action packed from beginning to end! By CamThe Punisher targets a meeting between different crime families/factions in a skyscraper building. It ends with The Punisher bringing the whole building down!!! Now the whole world believes him to be dead, and different people decide to pick up the mantle of The Punisher. This a stories from the early 90s, back when The Punisher had 3 different titles! I've enjoyed this storyline. This story had big blockbuster action through out... especially near the end. I could see Marvel using this arc for a future Punisher season(or a movie....). If you're a fan of Mr. Frank Castle, then you should read this!

Frank Castle stars in an explosive epic so big it took three titles to contain it! When the Punisher undertakes his most extravagant hit of all - collapsing an entire skyscraper on a group of crime bosses - he ends up presumed dead himself! A vigilante vacuum is created on the streets, and a number of psychopathic killers lay claim to the Punisher's crown - and iconic chest symbol! Take your pick from the skull-masked Hitman, jaded cop Lynn Michaels, postal worker Desmond Kline, media-savvy author Dean Swaybrick or British Frank-ophile Outlaw! Bullets fly as the pretenders take on criminals and each other, learning the hard way that to step into Castle's shoes is virtual suicide... But in all the chaos, will the one true Punisher make his return? COLLECTING: PUNISHER (1987) 85-88, PUNISHER WAR JOURNAL (1987) 61-64, PUNISHER WAR ZONE (1992) 23-25
