**Kyousuke Motomi : QQ Sweeper, Vol. 1** before purchasing it in order to gage whether or not it would be worth my time, and all praised QQ Sweeper, Vol. 1:

A Promisingly Compelling Lead Into a Possibly Amazing Story.By shardineaOkay, so I'm not big on reviewing a whole series based on one volume, but this one is new so someone needs to say something. I'll just talk about first volume impressions. QQ Sweeper is kind of a light supernatural school genre story with a heavier undertone. If you've ever read Dengeki Daisy or Beast Master, it was written by the same author, which promises a good love story. It's easy to tell it's her because the leading male character has a very similar looking

face to Kurosaki or Teru's old brother Akira too at points (it also says so on the back cover :D). That said, QQ Sweeper is a very different story than either Beast Master or Dengeki Daisy. I'm not entirely sure yet, but the overall underlining plot seems to be more on the mystical end. Officially, the leading male character Q just cleans stuff at the school, but deep down he's a lot more than meets the eye. He's kind of a magical person without actually using magic (??) It makes more sense in the manga, but hard to explain. He's one of the many protectors of a system of mystical doorways that lead to people's minds and such. He cleans out the bad and tries to protect the good both in the mental and physical plain, and the leading female character accidentally charges headlong into his world. You can imagine how that goes. Anyway, in over his head she's asked to help out. Having a strange life goal and nowhere to really go, she agrees. As far as the shojo part goes, it seems like a slower love story, much like Dengeki Daisy, so get ready for the long haul, but foreshadowing is abound. There seems to be much more there to be revealed in future volumes. I'm excited to see where this series goes, it looks promising in many ways. If you're looking for a new series to drown your post-Dengeki Daisy feels, I'd suggest picking this one up. 0 of 0 people found the following review helpful. Loved it By Jalene Smith I love this book. This is my favorite manga author. Amazing Amazing Book 0 of 2 people found the following review helpful. Kind of weird. By Amy Gehris I loved Kyousuke Motomi's previous series so I am hold out hope that this gets better soon. The storyline us a bit odd and I'm not really sure where the author is going with it.

Kyutaro Horikita, the tall, dark and handsome cleaning expert of Kurokado High, is about to meet a sleeping maiden at the school: transfer student Fumi Nishioka! Fumi's going to learn how to rid the school of nasty spirits with Kyutaros help, and her heart will surprisingly be cleansed too! In the old campus of their school, a mysterious room has a door that beckons Fumi, even though she shouldn't even be able to see it! Kyutaro goes in after her, but will he be able to save her before she gets devoured by otherworldly creatures?
