**Pranee Liamputtong : Qualitative Research Methods, Fourth Edition** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Qualitative Research Methods, Fourth Edition:

This book is a practical guide to conducting and analysing qualitative research. It explores some of the more commonly used types of qualitative research methods, the management of qualitative research, and the different areas of application. This fourth edition includes updated references and examples throughout the text as well as a new chapter on conducting cross-cultural research qualitatively.

About the Author Pranee Liamputtong holds a position of Personal Chair in Public Health at the School of Public

Health, La Trobe University, Melbourne. She has previously taught in the School of Sociology and Anthropology and worked as a public health research fellow at the Mother and Child Health Research, La Trobe University.
