**Kyousuke Motomi : Queen's Quality, Vol. 1** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Queen's Quality, Vol. 1:

0 of 0 people found the following review helpful. Can't wait to see what happens nextBy MichelleI enjoyed this manga just like I enjoyed QQ Sweeper! I can't wait to see what happens next!0 of 0 people found the following review helpful. NincompoopBy Kindle CustomerIt is annoying that the characters keep saying the wrong word. I had to ignore it. Please fix it. I did like the book3 of 4 people found the following review helpful. Continues QQ Sweeper SeriesBy TalviQQ Sweeper ended after three volumes and pretty much focused on Q. For whatever reason, Motomi

has decided to continue the story under a new title, now focused on Fumi and a unique but malevolent power within her. Quite a bit of this new story reminded me of Dengeki Daisy; fans of that series will find much to love with this 'reboot'. Plot: Some people are born with a power to control others. They are always female and they can gravitate to good (white queen) or evil (black queen). Fumi's lack of memory and hard past suggest someone has been grooming her to eventually become a black queen they can manipulate. But Fumi has found a home where there are people to protect her from that fate, especially Q. But what she doesn't know (and can never know) is that Q has a past with her that he cannot share - and his reasons for protecting her go far beyond preventing the black queen from reappearing. Admittedly, QQ Sweeper was a bit bland - all the talk about how to clean things was boring and there just wasn't enough to really define the characters. With Queen's Quality, the story has become streamlined, has a recognizable villain, and the relationship between our two protagonists is better realized. In all, it's a much better story now. Of course, how much does it resemble Dengeki Daisy? We have the fiercely protective but moody/secretive love interest, cheerful but strong heroine, a cute pet name she calls him (in this case, nincompoop instead of baldy), and an interesting set of bad guys. There's supernatural elements here but parcel for parcel, this shares much of the same DNA from Dengeki Daisy. I wasn't really interested in continuing QQ Sweeper but Queen's Quality has all those great romantic moments that made Daisy so wonderful (and was missing in QQ). So I am all for this much needed change in the series. Reviewed from an advance reader copy provided by the publisher.

The adventures of mind Sweepers continue in this supernatural romance! Fumi Nishioka lives with Kyutaro Horikita and his family of Sweepers, people who specialize in cleaning the minds of those overcome by negative energy and harmful spirits. Fumi has always displayed mysterious abilities, but will those powers be used for evil when she begins to truly awake as a Queen? As Fumi's dangerous new powers blossom, Kyutaro might be the only one who can help her keep them under control. Then, when Kyutaro tells Fumi that he'll never leave her side, she unexpectedly starts to fall for him!

About the Author Born on August 1, Kyouzuke Motomi debuted in Deluxe Betsucomi with Hetakuso Kyupiddo (No Good Cupid) in 2002. She is the creator of Dengeki Daisy, Beast Master, QQ Sweeper and Otokomae! Biizu Kurabu (Handsome! Beads Club). Motomi enjoys sleeping, tea ceremonies and reading Haruki Murakami.
