Leonard L. Lance RPh BSP Pharm : Quick Look Drug Book 2011 before purchasing it in order to gage whether or not it would be worth my time, and all praised Quick Look Drug Book 2011:

1 of 1 people found the following review helpful. Quick Look Drug Book 2011By ONLYIRISHI ordered this book used, and the whole process from beginning to end was quite easy and the book arrived fast and was in great condition. If you are an MT in any speciality this is a must have book. It also comes with a cd in the book. I am very pleased all around. Thank you0 of 0 people found the following review helpful. Great reference bookBy M.

KirkpatrickGreat reference for me doing medical transcription. I buy a new one every couple years.4 of 4 people found the following review helpful. Awesome review bookBy Laura DI use this book with my job. It has some of the best references ever. I found it cheaper on . Fabulous. I will go through for more books.

Quick Look Drug Book 2011 includes the most current information on thousands of commonly used drugs, plus a 32-page color insert showing the 200 most commonly prescribed medications. Medical transcriptionists and other healthcare professionals rely on this comprehensive resource for information on brand and generic drug names, pronunciations, look-alike/sound-alike issues, therapeutic categories, dosages, and dosage forms. Exclusive to Quick Look Drug Book is the Indication/Therapeutic Category Index that lists conditions/diseases alphabetically with the drugs used to treat them. Updates include new drugs introduced or approved by the FDA in 2010. Nine appendices are included. The CD-ROM version has search functions that allow super-fast reference. See the CD-ROM listing for details on Quick Look Electronic Drug Reference 2011.
