Kathlyn L. Reed : Quick Reference to Occupational Therapy before purchasing it in order to gage whether or not it would be worth my time, and all praised Quick Reference to Occupational Therapy:

1 of 1 people found the following review helpful. 2 out of 2 professors recommend... Quick Reference Occupational Therapy!By Kathy BThis book was recommended by the OTA Program Director at my school. A second OTA professor recommended it as well. Based on both of their comments, I knew I just had to order it. I have used it to help me with homework assignments and to write papers. I think once I am practicing I will be very glad I made the

purchase!2 of 2 people found the following review helpful. Excellent resource for both student and professional OT and OTABy C. CallawayExcellent resource for both student and professional OT and OTA. In my opinion, this is one of the "must have" books.1 of 1 people found the following review helpful. The book is excellent source of references especially for board examsBy Keith LeoThe book is excellent source of references especially for board exams. Definitely recommend the book. It is a worthy investment.

...provides fast, up-to-date facts on diseases, disorders, dysfunctions, including description, cause, assessment problems, and treatment management...shows how to use occupational therapy in a total patient care program.
