Dr Rakesh R. Misra, Dr M. C. Uthappa, Niall Power, Amrish Mehta, O. Chan : Radiology Picture Tests: Film Viewing and Interpretation for Part 1 FRCR before purchasing it in order to gauge whether or not it would be worth my time, and all praised Radiology Picture Tests: Film Viewing and Interpretation for Part 1 FRCR:

A comprehensive, systemically organised 'film viewing' book designed specifically for FRCR candidates but equally useful to all trainee and junior radiologists as an 'aide memoire' and to medical undergraduates and MRCP candidates as a useful means of self-testing their level of knowledge. It is fully illustrated with high-quality, clearly labeled black and white illustrations throughout and the text closely mirrors the way that questions are asked in the FRCR film viewing examination, so as to provide as real an examination experience as possible. Each section of the book contains 20 representative questions, and model answers, providing 200 cases altogether. First published in 2000.
