I would havae enjoyed it more if I hadn't read all the hypeBy BelvIt had a decent story and was good over all but didn't live up to the hype from the reviews. I was expecting something really scary and it was more Weird Tales than Horror.5 of 6 people found the following review helpful. Great,except for some loose ends.By martyfeverI've been a fan of Mr.Corben for over 40 years and greatly enjoy his work including

his newest offering .Everything you have come to expect in his art work and story telling is present in "Rat God".Having said that,I thought the story had a few loose ends that were never cleared up that detracted from the narrative.For one, the character Chuk has the ability to change into a panther but appears to be the only denizen of Lame Dog to be able to do this.How did he come to have this unique ability? No explanation is ever given. How did Zedon Peck become the leader of Lame Dog what with him being an outsider ? And why do some the citizens of Lame Dog appear rat- like themselves? If there was some sort of interbreeding going on its never mentioned.Just a few of questions that came to mind as I was reading.0 of 0 people found the following review helpful.
