Otherwise, the book came in a timely manner and was received the way it was described on the description! Thank you!0 of 0 people found the following review helpful. Wrong EditionBy Shelly MerrillI was sent the wrong edition. It is rather annoying because I am missing some of the information. The picture shown is the second edition so that is what I thought I would be getting, however it was labeled wrong and I was sent the first edition.0 of 2 people found the following review helpful. I hate highlighting!By Betty KThe book I believe was said to be clean. However, there were stickers and dirty smudges all over the cover. ...provides comprehensive infomration on many of the critical facets of teaching reading to this special population
