**Abigail Rian Evans : Redeeming Marketplace Medicine: A Theology of Health Care** before purchasing it in order to gage whether or not it would be worth my time, and all praised Redeeming Marketplace Medicine: A Theology of Health Care:

Asserting what most Americans already suspect -- that corporate-based managed care places profits over patient care -- theologian Abigail Rian Evans points out that medical experts have reduced health care to medical treatment under arrangements with health insurance plans and HMOs. Her reasoned, practical alternative engages Christian

theology, proposing a much broader concept of health care. An important contribution to a critical discussion.
